- Once R.V. Evans Company has depleted the inventory on the BRITE product, we will begin to ship the Galvanized product replacement.
- There will be an increase in price between the current Paslode/Duofast BRITE staple pricing and the galvanized staple replacement. In an effort to help offset this change in price, R.V. Evans Company can offer alternate 16GA staples manufactured by Stanley Bostitch, Senco, and Spotnail. All three of these alternatives offer quality product at varying price points giving you more options for your 16 GA staple needs.

Should you have any questions regarding this service update, please contact your R.V. Evans Sales or Customer Service Representative.
