# PRINTED CARTON SEALING TAPE

HP 240

**Our premium HP Carton Sealing Tape is now available with printed messages.**

Shurtape HP 240 helps prevent pilferage and reduces shipping claims. Printed messages are locked between the film and the adhesive which eliminates smudging, and will not effect the performance of the seal. These printed messages prevent tampering and alert handlers to special care instructions.

Like all of our HP Series Carton Sealing Tapes, HP 240 is constructed of biaxially-oriented polypropylene (BOPP) film, with a proprietary hot melt adhesive for unequalled holding power. When you seal a carton with HP, the carton stays closed. Every time.

From manual applications to automated packaging lines, HP 240 releases smoothly off the roll and delivers consistent tension. No flagging, no bottleneck—just a secure seal on every package out the door.

### Standard Messages:

> Refer to [www.shurtape.com](http://www.shurtape.com) or contact your Shurtape sales representative for all available prints.

### Custom printed messages also available on any HP product:

- > Great way to brand packages with your logo and tagline or specific message
- > Offers a more cost efficient way to brand your packages vs. printing on corrugate
- > Lock printed method ensures your message won't smear or smudge – and the adhesive remains strong and intact
- > Choose from one or two color custom prints; Random or registered (centered) repeats
- > Custom printed items designated as HP 250, HP 350, HP 450, HP 550
- > Artwork/ plate charge applicable for first time orders
- > Contact your Shurtape Sales Representative for ordering details
