

Stationary Printer Supplies

Thermal Transfer Ribbons ■ ■ ■

Datamax O'Neil Printer Supplies offers a full line of ribbons in numerous sizes, colors and ink formulations for a wide range of applications. With wax, wax/resin and resin thermal transfer ribbons available to fit Datamax-O'Neil stationary printers, we have the solution for any requirement among our on-hand stock of hundreds of ribbon varieties.

- Optimum compatibility with your Datamax-O'Neil printer, guaranteed
- The Datamax-O'Neil commitment to quality and reliability
- Application-specific products and supplies to meet any need
- Salespeople trained to correctly match the proper media to your specific application
- Reduction in total cost of ownership
- Customized imprinting
- A wide range of products – many ready to ship within 24 hours!

IQWAX Ribbons ■ ■ ■

IQWax is a premium general purpose resin-enhanced wax ribbon, offering broad performance characteristics and delivering a high-quality crisp image with applications that require high-speed printing and enhanced printhead protection.

- Delivers dark, defined images
- Prints at speeds up to 12 IPS, including rotated bar codes
- Enhanced smudge and scratch resistance
- Prevents static build-up
- Our most time tested and proven ribbon

Recommended Applications: Shipping labels, barcodes, retail bags, pharmaceutical labels, ingredient labels, storage labels

IQMID Wax/Resin Ribbons ■ ■ ■

IQMid is a premium wax- resin ribbon offering broad performance characteristics and smudge resistance. These ribbons produce a high-quality image on the broadest range of materials.

- Very good resistance to smudge
- Very good printing quality at high speed (up to 12ips)

Recommended Applications: Inventory, shipping, pharmaceutical, retail labeling

IQMID+ Wax/Resin Ribbons ■ ■ ■

- Strong scratch and smear abrasion resistance on papers, synthetics and polyesters
- Excellent edge definition and print quality at high dpi and print speeds of up to 8 IPS
- Broad range of receiving facestocks

Recommended Applications: Heat shrink applications, applications requiring moderate scratch and smear resistance, general retail, apparel

IQRES Resin Ribbons ■ ■ ■

IQRes is a superior resin ribbon offering broad performance characteristics and smudge resistance. These ribbons produce a high-quality image on the broadest range of materials in extreme application environments. IQRes series ribbons print on both paper and film materials.

- Excellent printing quality on a variety of facestocks (papers to films)
- Excellent resistance to smudge and scratch
- Good resistance to high temperatures

Recommended Applications: Pharmaceutical, cosmetics, rating plates, retail labeling, healthcare and automotive

IQRES+ Chemical Resistant Resin ■ ■ ■

- Resin ribbon capable of handling extreme environmental labeling
- Highly chemical resistant including alcohol and petro chemicals
- Unmatched in abrasion and solvent resistance
- UL/CSA recognized with matching receiver
- Wide print latitude to broad range of plastic films, synthetics and polyesters

Recommended Applications: Extreme environment labeling, circuit board labels, chemical drum, automotive, signage, electronic component, product identification and asset tracking labeling
