

Force V[®] Machine Film

Force V provides maximum containment for high end stretch wrapping applications - at the lowest cost per wrapped pallet. If you need stability, Force V is the right choice for your application.

Features

- ONE SIDED CLING
- EASY RELEASE FOR HIGH SPEED WRAPPERS
- TOUGH PUNCTURE/TEAR RESISTANCE
- HIGH STRETCH LEVEL

Benefits

- LOWEST COST PER PALLET WRAPPED
- HIGHEST CONTAINMENT EVEN AT LOW GAUGES
- GREAT CLING FOR SECURE FILM TAILS
- GREAT OUTSIDE SLIP TO PREVENT LOADS STICKING TOGETHER IN YOUR WAREHOUSE OR TRUCK
- TEAR RESISTANT TO PREVENT BREAKING DURING YOUR WRAPPING OPERATION

What Our Customers are Saying

"Gauge for gauge, Paragon film is much better than anyone else's, then you get down to how it's packaged and shipped and the fact that you can use everything on the core - it's no contest."
