## Cushions

FOAMplus<sup>®</sup> foam padding is the ideal solution for fragile or breakable products because it protectively adapts to their contours.

## Tubes

The foam padding, FOAMplus<sup>®</sup> tubes, can be manufactured quickly and optimally wrap around the packaged goods.

## Storopack – Perfect Protective Packaging

Wherever you are sending your products in the world, we aim to ensure they are well protected during transportation.

## Optimal protection with foam padding

Our FOAMplus<sup>®</sup> packaging system protects your products using true-to-contour padding made of shock-absorbing polyurethane. Foam padding from Storopack is environmentally friendly as it is lightweight, reduces transport costs and can be re-used for the same products.
