

## R.V. EVANS

BETTER RESULTS START WITH BETTER IDEAS

### Equipment & Tool Repair

With over 100 combined years of experience in servicing and maintaining tools and equipment, we're dedicated to helping you get the most out of your production process. Our Service Technicians are factory certified on equipment we sell and they provide you with qualified support that is both responsive and local. No one can match our expertise or level of experience to keep your production levels high, 24/7.

### Installation & Training

Our technical staff can provide installation support and training to ensure a successful equipment & process transition.

### Scheduled Maintenance Programs

We can custom tailor a program to increase the life and optimize the performance of your packaging machinery by setting up scheduled maintenance programs in the frequency of your choosing.

### Parts Inventory

We have an impressive inventory of parts to assist us in being the most responsive Service Team in the industry. You can rely on R.V. Evans Company as both a parts resource and a full-service partner.

### Parts Sourcing

Spending too much time "chasing parts"? Allow our experienced Service Technicians to assist you in sourcing the critical parts that you need to keep your operation running.

### Refurbished Equipment — Trade, Buy, Sell & Rent

If you have outdated equipment and are looking to upgrade to accommodate your production demands, please contact us. We trade, buy, sell and rent used equipment.

### Inkjet Printer Cleaning Services

The skilled Service Technicians at the R.V. Evans Company have mastered their craft. We can provide a custom cleaning program schedule to keep your inkjet print heads & engines performing at optimal levels.
