

CSS

Complete System Solutions

Since 1937, the R.V. Evans Company has provided Complete System Solutions (CSS) to its business partners, assuring they benefit from a seamless, single-source experience when investing in their packaging & fastening system needs.

We help you identify the best packaging & fastening equipment solution to match your production & facility needs.

We have a number of Financing Solutions available to help you make your CSS a reality. Ask us about our leasing & equipment placement programs.

Equipment Solutions

CSS

Material Solutions

We believe equipment is only as good as the quality of materials being used. We help you optimize your savings by identifying the best material solution for your specific application, and offer discounts for equipment & service when you purchase your materials as part of your CSS.

Service Solutions

We support the systems we sell. From installation, training, & scheduled maintenance to replacement parts, on-sight & in-house service... we provide it all to ensure your packaging & fastening systems operate at optimum levels.
