

Fully Automatic Case Sealer with Tape Closure
Up to 65 cases per minute

Automatic Case Top Sealer

An outstanding combination of versatility, reliability, compact design and high speed capability sets the WEXXAR WST fully automatic case sealer apart from all competitors. Designed to satisfy the demands of heavy-duty industrial applications, the WST fits easily in any packaging line application. It produces gap-free, tightly butted top flap sealing at speeds up to 65 cases per minute. The WEXXAR WST accommodates a wide range of case sizes and the heavy-duty drive system ensures cases retain their shape and alignment in every application.

Various Case Sizes
The WST precisely folds major & minor flaps and can accommodate a wide range of case sizes at high speed.

Squareness Assured
The heavy-duty side belt drive system ensures that cases retain their shape and alignment regardless of their contents or capacity.

Operator Safety
The Wexxar WST aids in employee safety with standard interlocked guarding.

Machine Speed: Up to 65 cases per minute depending on box size and high speed option.			

* Specifications are subject to change without notice.

How the WST Works

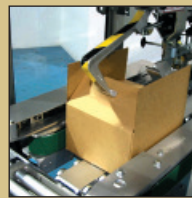

RSC Case
The WST seals RSC cases.

1 Easy Set Up

Features hand crank size adjustment and UL Listed Control Panel for easy start and stop.

2 Side Compression

The cases with product are transferred by the side belt system, which ensures gap-free, tightly-butted top flap alignment.

3 Top Sealing

Superior case sealing performance is achieved with its quality tape application. The WST comes standard with DEKKA tape heads.
